

HITCHCOCK QUALIFIES AS AERIAL MAIL CARRIER

ASK EDDY HEIRS TO JOIN IN SUIT

Phase of Litigation Over Estate
of Founder of Christian
Science.

Boston, Mass., September 26.—A phase of the litigation over the estate of Mrs. Mary Baker G. Eddy, founder of the Christian Science denomination, appeared to-day in the equity session of the Massachusetts Supreme Court, where Assistant Attorney-General Field, representing the Commonwealth, claimed that in a friendly suit of the directors of the Christian Science Church, against the trustees of the estate, the heirs of Mrs. Eddy now living outside the State, should be joined. The friendly suit involved two pieces of property in this city and Newton, which Mrs. Eddy in her will directed should go to the church. The case has already been before the full bench, but was sent back to the equity session, in order that the Attorney-General might be made a party to the suit. Involved in the present case is the validity of the provisions of the will under the act which prohibits bequests to any one church or property in which the income is more than \$2,000 annually. The Assistant Attorney-General claimed to-day that the heirs of Mrs. Eddy should be joined in the Massachusetts case, in order that a final decision in the matter might be complete, and preclude these heirs in case they were dissatisfied from bringing another proceeding.

The motion of the Assistant Attorney-General was opposed by counsel for the church, on the ground that the heirs were not residents of Massachusetts.

Judge Morton, who heard the arguments, took the matter under advisement. Mr. Field will press his appeal next week from the decree of the Suffolk Probate Court, in allowing as a foreign will a copy of the will of Mrs. Eddy. Mr. Field will claim that Mrs. Eddy was a resident of Massachusetts, and that the inheritance tax on about \$1,000,000 belongs to this State and not to New Hampshire.

WILLIAM AND MARY FORMALLY OPENS

Williamsburg, Va., September 26.—The formal opening of the session of 1911-12 was held at William and Mary last night with a fine body of young men in attendance. The faculty, in cap and gown, occupied the rostrum, making a very imposing appearance. The exercises were opened with prayer by the Rev. M. J. Hoover, pastor of the Williamsburg Baptist Church. Dr. Walter A. Montgomery, chairman of the committee on publicity, presided. Stirring addresses were made by Dr. Lyon S. Tyler, president; Dr. J. L. Hall, of the department of English; Dr. Walter Montgomery and Dr. W. J. Young. The singing of the college song, "Alma Mater," was entered into with spirit, led by the college quartet.

It is working smoothly at the present time. Dr. W. A. Montgomery, who is all the time at the head of the department, is working smoothly at the present time. Dr. W. A. Montgomery, who is all the time at the head of the department, is working smoothly at the present time.

Postmaster-General Makes Successful Flight in Aeroplane.

New York, September 26.—Frank H. Hitchcock, Postmaster-General of the United States, qualified as an aerial mail carrier on Long Island late today. While a large crowd cheered vociferously, the Postmaster-General took a seat beside Captain Paul Beck, of the United States Army, in the latter's aeroplane at the Nassau Boulevard Aerodrome, carrying seventy-eight pounds of mail matter. Without the slightest mishap the two made a seven-minute flight to Mineola, where, upon signal, the Postmaster-General dropped the mail sack to one of Uncle Sam's carriers. When the Postmaster-General returned to the aerodrome he was again roundly cheered, and the large crowd rushed onto the field to greet him. "The time is certainly coming," said he enthusiastically, "when we must depend upon the aeroplane for carrying mail. It is not effective yet, but it is being developed in a marvelous way, and I think we shall soon find it practical."

Another feature of the fourth day of the international meet was a flight by Lieutenant T. Dewitt Milling, U. S. A., who broke the American record for carrying a passenger. He and a private of his regiment were aloft for 1 hour 51 minutes 43.25 seconds.

MARKS PLACE OF JACKSON'S BIRTH

Address at Unveiling of Tablet
Delivered by Dr. James
P. Smith.

Clarksburg, W. Va., September 26.—A bronze tablet marking the birthplace of the late Confederate general, "Stonewall" Jackson, was unveiled here to-day. Dedicatory exercises were held in the courthouse, where the principal address was made by Dr. James P. Smith, of Richmond, the only surviving officer of General Jackson's staff. Miss Isabel Arnold, of Beverly, W. Va., a grandniece of General Jackson, unveiled the tablet. Crosses of honor were bestowed on sixteen Confederate veterans.

KILLS HIMSELF IN FRONT OF ALTAR

Winson-Salem, N. C., Sept. 26.—Lying on his back at the foot of an altar in a lodge-room in the Masonic Temple, and with a pistol by his side, the body of T. L. Farrow, 32, aged fifty-four years was found this afternoon by a negro janitor. On the altar a Bible was opened at the eighteenth Psalm, the pages being held down by a square and compass. A note was left by the dead man giving instructions for the disposition of his body and stating that he "did not see any use in trying to fight it out."

It is believed Mr. Farrow killed himself while kneeling at the altar. He was prominent in the Masonic fraternity and for many years was city tax collector. His health is believed to have led him to seek death.

MILLER IS FREED BY SUFFOLK JURY

Despite Testimony of Confession,
He Is Acquitted of Setting
Fire to Factory.

(Special to The Times-Dispatch.) Suffolk, Va., September 26.—Notwithstanding that four witnesses testified that Ollie M. Miller, a young white man formerly of Maryland, had confessed that he set fire to the plant of the Virginia Manufacturing Company, a jury in the City Circuit Court this afternoon acquitted the prisoner without leaving the box. Those who swore they heard Miller's confession were Police Chief Brinkley and Detective Hobbs, of Suffolk, and Detectives Sam E. Cotton and Harry Brown, of Norfolk. The defendant proved an alibi by his wife, Miss Ethel Askew, Miss Bettie Askew, Miss Martha Evans and Robert Evans, who all said that he was home several hours prior to the fire, and never left until the alarm was rung. Two State's witnesses swore Miller was near the scene shortly before the blaze began.

The epidemic of "forgery" among negroes of some education was emphasized in the Circuit Court to-day, when Robert J. Simmons got four years for forging a \$50 note, and Daniel Ingram received two years for forging a \$15 bill. Both got away with the money. There are three other indictments against negroes who are alleged forgers pending in the same court.

A second true bill against Dr. Rebecca Austin, charging illegal practice, was returned by the grand jury to-day. The trial will begin tomorrow behind closed doors. Dr. Austin had with her more than \$2,200 when arrested.

BRYAN BELIEVES TAFT IS BLUFFING

Knoxville, Tenn., September 26.—Answering the challenge of President Taft, made at Cherryvale, Kan., yesterday, that he (Bryan) produce an example of restraint of trade, which would not come within the purview of the Supreme Court, W. J. Bryan said last night before his departure for Cincinnati: "If President Taft would take time to read the dissenting opinion of Justice Harlan in the case and a report of the Judiciary Committee of the Senate, filed by Senator Nelson when the committee refused to recommend the amendment, which the Supreme Court injected into the law, he will understand my view."

"I believe with Justice Harlan and the Nelson report that the Supreme Court has practically nullified the criminal clause of the antitrust law and will wait until the President succeeds in putting a trust magnate in the penitentiary before I give any weight to the President's decision of the Supreme Court."

"It took four years and a half to get a decision in the Standard Oil case. If it takes that long to find out whether a trust magnate can be sent to the penitentiary under the law as emasculated by the Supreme Court, President Taft may be able to bluff his way through another campaign on the trust question as he did through the law, but the bluff ought not to deceive anybody who is really opposed to the trusts."

This was "Bryan Day" at the Appalachian Exposition. He arrived this morning and later made a tour of the various exhibit buildings. This afternoon he delivered an address at the exposition grounds upon the theme "The Signs of the Times."

Instantly Killed. (Special to The Times-Dispatch.) Winston-Salem, N. TRIES TO SWAT FLY AND BREAKS WRIST

Logansport, Ind., September 26.—While trying to swat a fly Miss Mabel Howard, stenographer in the office of the county treasurer, and an ardent supporter of the "swat the fly" program, fell off her chair to-day and nurses a broken wrist.

Early in the season Miss Howard bought a fly swatter, and became so

proficient that her batting average was equal to that of the famous Cobb. Yesterday she saw one of the microbe-spreaders meandering about on the floor, and with a squeal of delight she reached for her ever-ready swatter, and made a lunge. The chair tipped, Miss Howard fell all over the little fly and broke her wrist—but she killed the fly.

AMELIE RIVES
now the Princess Troubetzkoy, has written a new novel for Lippincott's Magazine which bids fair to overtop the reputation of her first great work, "The Quick or the Dead." As in her first story, the scene is laid in Virginia, her beloved Southland. The plot is one of the most remarkable and absorbing that has ever appeared between covers.
Don't delay in getting the October number of Lippincott's, in which Amelie Rives' great story appears. The number containing "The Quick or the Dead" was sold out in a flash. There will be an even bigger demand for her new story.
